

*Offers a Customized Solution*

*Product customized according to the needs*

*Engineering, Assistance and Consulting to prepare the best project*

*Adapts the product or part to be welded*

*Robotic welding ideal solution*

The **Advantage CUSTOMCELL** Line's robotic welding cell was developed to offer the customer a customized solution when none of the standard cells meets the requested needs. The Customcell can have the structure fully customized to adapt to the characteristics of the product to be welded.

The dimensions of the cell, number, size, types of tables, positioning, openings models can be customized as per project need.

**Included in package**

+

+

<b>Workstation dimensions</b>	According to the customization
<b>Capacity</b>	1000 kg
<b>Maximum current for power source</b>	63A
<b>Maximum current for controller and robot</b>	16A
<b>Feeding</b>	380V Trifásico
<b>Dimensions</b>	According to the customization
<b>Weight</b>	According to the customization
<b>Power</b>	26 kVA
<b>Pressure</b>	6 BAR
<b>Air Flow</b>	8,8 L/s
<b>Size in m<sup>2</sup></b>	According to the customization
