

*Cell recommended to start a welding process in the company*

*Security system with automatic operating doors*

*Best cost benefit for money due to its versatility*

*Optimized working area*

*Cell and Robot Security Controller*

The **RTWLA-59** robotic welding cell has a monitored maintenance door, plus 02 workstations with 45° tables. The **RTW LA-59** was developed with a fast device exchanging system, with robot and power source from the same manufacturer which facilitates communication and provides perfect synchronism.

**Ready-To-Weld robotic welding** system offers the best cost benefit ratio. Designed for welding of medium size parts and where shop space maybe an issue. Increase your productivity easily and quickly, allowing an easy integration with any robot brand and power-source.

**Included in package**

<b>Workstation dimensions</b>	750 x 1500 mm
<b>Capacity</b>	1000 kg
<b>Maximum current for power source</b>	63A
<b>Maximum current for controller and robot</b>	16A
<b>Feeding</b>	380V Trifásico
<b>Dimensions</b>	2500 x 4930 x 2120 mm
<b>Weight</b>	3000 kg
<b>Power</b>	26 kVA
<b>Pressure</b>	6 BAR
<b>Air Flow</b>	8,8 L/s
<b>Size in m<sup>2</sup></b>	9,88m <sup>2</sup>
